Hammons Field named Top5 ballpark *-Minor League news picks top ballparks-*

(Springfield, MO) Larry Phillips, President of Pellham Phillips Architects and Engineers, today revealed that *Minor League News*, an online publication specializing in the world of minor league sports, has selected Hammons Field one of the top five minor league ballparks in America. Phillips said, "As the architects and engineers of this beautiful ballpark, we couldn't be more proud. When Mr. Hammons offered me the opportunity to design the stadium, I assured him we would make it one of the best in the country. I'm pleased that we have fulfilled that commitment."

Hammons Field was recognized in 2005 as the Best Ballpark of the Year by Baseball Parks.com.
